## **DISASTER ONE PARTNERS WITH NATIONAL RESTORATION NETWORK**

**Greensboro, NC: November 26, 2014** – Restoration Affiliates (RA), a national alliance of some of the largest and most established independently owned restoration companies in America, continues to further its goal of providing national restoration coverage through a collaborative network of local firms.

Disaster One's membership has contributed to RA's recent growth and network coverage to more than 77 markets with over \$300 million in disaster restoration contracts servicing natural and man-made disasters coast-to-coast. The network has grown to 33 partners in less than one year.

"RA's rapid growth allows our members to better serve their larger clients and respond to catastrophic situations across multiple locations," said Damon Gersh, founding RA member and President and CEO of Maxons Restorations Inc. in New York. "By establishing a trusted peer-to-peer service network, we can provide a single-source solution nationally for all fire, water, and storm related emergencies."

Disaster One is a leading restoration company serving the Southeast U.S. The company provides emergency restoration services including smoke, fire and water damage repair, water damage restoration and extraction, as well as mold removal and remediation. Disaster One, founded in Greensboro, has spread its presence to include 9 offices in four states across the Southeast, with more expansion in the works. "We're proud to have been a founding member of RA, which holds itself to the same high performance standards to which we hold ourselves," said Disaster One president Rasmus Fenger.

As a founding member of the RA network, Disaster One is able to take care of any loss, even if it occurs outside of its branch locations. The company has met the network's demands for the highest standards of service, professionalism, and ethics from its members. All RA companies are independently owned, established market leaders with a track record of success and proven large loss capabilities. They guarantee emergency response within 2 hours and provide regular, written updates on every project. Members are also strictly vetted, licensed, insured, and all fully warranty their workmanship.

"With the help of RA, Disaster One can guarantee the best for their clients across the country," said Debbie Bogar, President of Restoration Affiliates. "And I'm happy to say that Disaster One has acquired increased capabilities, responsiveness, and success due to their membership in our organization."
